

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working within an environment that encourages the highest integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious company and offering a safe atmosphere for their employees to work in. Moreover, they have implemented a lot of programs within the corporation in order to help articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, since they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely devoted to improving and preserving the natural environment. AxleTech has an EHS program that not only protects the environment but which even actively protects their neighbors and workers as well.

AxleTech specializes in the designing and manufacture of planetary axles used for both military and commercial applications, that could include anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider too. AxleTech particularly designs axles to meet specific application demands. They have over one thousand various axle specs within their existing offering. With over one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in many commercial and military applications. They provide complete axle assemblies used for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have further details that can be found in the "ISAS" product collection.
